Hi Carrie

Thank you, for presenting at the Faculty souper on Monday, November 21. From the reports that I heard on my return, both you and Kelli did an amazing job; excellent ambassadors for the high quality of teachers in our program.

I did look up on the map where Pond Inlet is. You're going to be quite a ways north but what an experience it will be. As a retired school administrator of thirty years, I truly believe that if you can make that all-important connection with your students, you will have a positive effect on them no matter where you are! And when you devote yourself to being the best teacher you can be, there will not be enough hours in the day to do all the things you will want to do for your students!

I hope that this PS round went well for you and that all the details fall in place so you can pursue your education and career goals.

I have an extra poster that Darcy Novakowski created to advertise the souper and you can certainly have it in case you want to put it into a personal portfolio or something like that.

Thank you again for your presentation and for the excellent job you did of it.

Sincerely

A handwritten signature in cursive script that reads "Wayne".
